

Ongoing Projects

Erasmus +

Name of the project: **How to lead a sport club to a successful future SportGo**

Project aims at:

- Improving available structures and implementation of cost-efficient governance of semi-professional and amateur sport clubs
- Fostering grassroots sport activities by supporting semi-professional and amateur sport clubs in governance and enabling good conditions for their active members
- Strengthening the national and regional sports governing bodies by increasing their training offers to their members and their capacity in training representatives of sport clubs
- Exchanging and transfer of knowledge and know-how related to governance and management of sport clubs from higher education institutions and training providers to sport clubs and vice versa and

Specific objectives:

- Developing innovative training programmes that increases governing capacities of amateur and semi-professional sport clubs
- Enabling regional/national team sports bodies to train their semi-professional and amateur members on management issues
- Strengthening/developing governing skills of officials of amateur and semi-professional sport clubs participating in the learning programme developed in the project
- Improving the conditions of the active members of participating sport clubs in the pilot phase

Project description:

How to lead a sport club to a successful future SportGo, project implemented under the European Union's programme Erasmus + Sport by a Consortium consisting of 12 partners/Higher Education Institutions and National governing bodies. For the project implementation in Bosnia and Herzegovina two institutions are responsible, Faculty of Sport and Physical Education University of Sarajevo and Olympic Committee of Bosnia and Herzegovina.

The SportGO project consists of 14 activities which are divided in sub-activities needed for the project implementation, monitoring, evaluation and dissemination of the project:

1. Conduction of Training Needs and Gap analysis
2. Skill Card Creation and Strategy Design

3. Training Curriculum Development
4. Development of “Being a Successful Semi-Professional Sport Club Manager Training Materials”
5. Training Evaluation System Creation
6. Implementation of Piloting Phase
7. Adaptation of the Training Materials According to Evaluation and Lessons Learnt Report
8. Setting up and implementation of Dissemination Strategy
